Re: Have a Heart Dispensaries - Permanent Closure

This message is a notification of the permanent and immediate closure of the Have a Heart Compassionate Care dispensaries located at 3615 9th Avenue, Council Bluffs, IA 51501 and 2222 E. 53rd Street, Davenport, IA 52807, as of March 30, 2020.

The Department was only made aware today of Have A Heart's decision to permanently close these dispensaries.

Patients and Caregivers are still be able to purchase medical cannabidiol products at Iowa's three other licensed dispensaries, located at:

- MedPharm Iowa - 5700 Sunnybrook Drive, Sioux City, IA 51106
- Iowa Cannabis Company - 1955 La Porte Road, Waterloo, IA 50702
- MedPharm Iowa - 7239 Apple Valley Drive, Windsor Heights, IA 50324

Providing patient access to medical cannabidiol products is important to the Department, and we understand the difficulties that these closures may cause for Patients and Caregivers in the Council Bluffs and Davenport areas. The Department is committed to providing patient access, and will work to license two new dispensaries as soon as possible.

Please let us know if you have any questions about these closures. The Office of Medical Cannabidiol can be reached by phone at (515)-725-2076, or by email at medical.cannabidiol@idph.iowa.gov.
